**Program: We have “Invited Ruby”**

Ruby Short McKim (1891-1976) was widely recognized for her quilt patterns and in 1931 published *One Hundred and One Patchwork Patterns*. Reprints have been revised, but some of the original works and text were omitted. However all 101 patterns and text are free to download on the web page: <http://www.101patchworkpatterns.com>

In celebration of the 40th anniversary of *Maine Quilts* in 2017, twenty quilters chose a traditional quilt block from Ruby’s book and made two quilts. One was done in the style of quilting that was popular in 1978 and the second was done in a 2017 updated version. These quilts will be presented by the Island Quilters guild members at the Area 5 meeting.
