Create all the charm of a rag rug without braiding or clothesline rope with this clever technique. Start with 2 ½" jelly roll strips and add batting for an easy-to-construct rug.

It will be lovely next to the bed, in front of the kitchen sink, in the bathroom and elsewhere around the house. Plus, the rug is fully washable.

Choose a lovely jelly roll in colors you enjoy. Notice how you can arrange the strips to create concentric circles. And, of course, it's wonderful in many color combinations.
